

*at liberty to stay your way...*

As you approach Francistown from Gaborone, at the first roundabout, turn right follow the road until you come to a T junction, turn left at the T and immediately you will see the sign board. And immediately turn left.

*at liberty to stay your way...*

From the Nata, straight on until the traffic circle, straight on, pass the Nyangabwe Hospital until you reach Traffic lights next to Trade Centre, carry on straight past the next traffic lights, straight on after the bridge next right turn, you are there.
